TWO TRIED BY JURY AND SIX PLEAD GUILTY

Six persons pleaded guilty to criminal charges in Elba county Circuit Court in Elba last week before Judge Eris F. Paul while two cases were tried by jury with a mistrial ordered in one and acquittal in the other.

The mistrial was ordered for John Gibbs of Talladega, charged with obtaining money under false pretenses after members of the jury couldn't agree on a verdict. He was charged with giving worthless checks totaling \$6,000 to the Elba Livestock Market.

Ned Brauman, charged with third degree arson, was freed by a jury. He was arrested by the Alabama Highway Patrol when his automobile was found burning on the cutoff road between Elba and Opp. Br. Brannon said his car caught fire while driving along the highway and he had left it to go for help when it was found by Patrolman E. C. Fordham.

Guilt Pleas
Pleading guilty were: Ferrell Phillips, negro, charged with four counts of burglarizing homes in Elba last summer, sentenced to serve 18 months in State prison on each count; Roger Fardine Britt, against whom a charge of driving an automobile with a t h improper brakes was not pressed, pleaded guilty to resisting

A JOINT PROJECT

The Elba Clipper deeply appreciates the compliments received, both spoken and by letter, for the Fall Festival edition but we hasten to point out that this edition, like all else connected with the success of the Festival, was a joint project.

The Elba Clipper Fall Festival edition was made possible by the participating advertisers. The publication in which they advertised was made by the hundreds of subscribers who continue to pay for The Elba Clipper year after year. They pay for The Elba Clipper because of the know-how in The Elba Clipper shop required to transfer written words into cold type, and from there to the printed page of the newspaper, and that indefinable something which enables a small business in a day of intense competition to hold its expenses within its income.

All these things are necessary. They are necessary to publish every issue of The Elba Clipper. They are even more necessary to publish a special edition which has results to benefit the entire community. The community benefits most, as letter after letter received by The Clipper emphasized.

It is wonderful to live in a community where so many people can join hands in producing an entire day's program like the Fall Festival without there following immediate claims by individuals for their success, or criticisms of someone else for a shortcoming which always attend any such undertaking.

For instance, when Robert C. Hamm, while acting as general chairman, suddenly became ill and had to go to a hospital for an emergency operation, E. D. Brazelton stepped into his place and carried on without a moment's hesitation. It was a remarkable example of team play, without complaints and without claiming credits.

ANOTHER LETTER WE APPRECIATE

A letter from a satisfied advertiser is appreciated by any newspaper but there is just as much appreciation for a letter from a satisfied subscriber. That's why we received so much satisfaction from the following letter from Miami, Fla., that we take the liberty to publish it here, word for word:

Dear Sir:

Enclosed is \$4.00 to pay for the Clipper another year. Last year my father gave me a year's subscription for a Christmas present. I enjoyed it very much. I finished high school in Elba in 1943. I haven't lived there since. It is fun to still see what's going on. The Elba Clipper is as good as a letter from home. It made a wonderful Christmas gift.

Yours Truly,
 Mary Jean Osteen.

Elba Students Study In Montgomery

These seven Elba students currently are continuing their post-high school studies as students at Massey-Draughon Business College in Montgomery. Left to right, they are: (bottom row) Mary Jo Capps, Carolyn Hudson, Dianne Kirkland and Judy Carter, and (top row) Fred Daniels, Wayne Grantham and Dawson Farris.

From Our Early Files

22 YEARS AGO

Work was started on the Elba-Kinston road, according to Commissioner L. F. Young, who stated that the clearing and grading would be pushed in the next few months, but that blacktopping would not be done until next spring. Plans also call for several new bridges.

Coffee county voters voted an overwhelming majority for continuance of the county-wide three mill school tax in a special election. The total vote was for the tax 1,385; against the tax 197. Four boxes in the county did not cast a single negative vote.

Miss Hattie Mae Bullard, who has spent the last two weeks in

been appointed to a captaincy in the coast artillery unit of the Reserve Officers' Training Corps. His appointment was based on investigations made by regular army officers into his character and scholastic standing during the last school year.

At a meeting of the Elba Chapter, American Red Cross, officers for the following year were elected as follows: J. M. Garrett, chairman; R. C. Bryan vice chairman; J. F. Brunson, secretary; treasurer, Roll Call Committee, D. S. Bryan, P. G. Mathis and R. C. Bryan.

Mr. and Mrs. L. S. Rainer and children and Mr. Y. W. Rainer have returned from a visit to relatives in Greenwood, S. C.

Robert Cooper of Elba, a senior in the school of Commerce and Business Administration at the University of Alabama, has

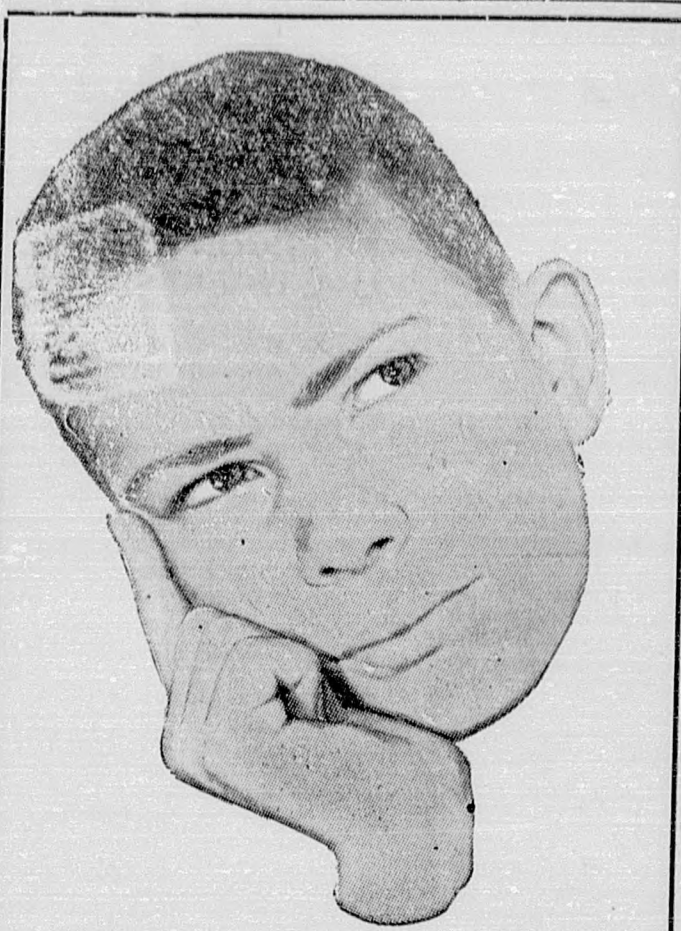

The Elba Chapter, Future Farmers of America, met last Thursday for their first meeting of the school year. The meeting was called to order by

the president, and 24 old members answered to roll call. Plans were made for receiving the following new members into the chapter:

Wilson Windham, Dallas Lee Walker, John Glen Lee, Robert Lee, Glen Hurston, Edgar Dorough, Jack Smart, Steven Han, Wayne Nolin, Lamar Lightner, John William Rushing, Cecil Parker, Clarence Vaughan, Bryan Taylor and Edwin Brock, in Elba.

Mr. and Mrs. Fister Hender and son of Montgomery spent the weekend with her parents, Mr. and Mrs. F. D. Veal in Elba.

Mrs. Marvin Lewis has returned to her home in Dothan after spending several days with her mother, Mrs. S. H. Brock, in Elba.

As Southern as Grits

No institution is more deeply rooted in the South than our Company. Since our founding 73 years ago, we have concentrated on serving the South, and only the South, with dependable petroleum and allied products.

Our officers, directors and all members of our organization are Southerners. Two-thirds of the Company's dividends are paid to more than 14,000 of its stockholders living in the

five Southern states we serve. Our profits are reinvested where we make them—in the South. We like to believe that the continued sales leadership of our products is due to two things: 1) their dependable quality, and 2) the fact that we are Southerners who think Southern, act Southern and inherently observe the customs and courtesies which Southerners appreciate. We're proud to be "As Southern as grits."

Of the South...for the South...by the South

There's nothing like a new car—and no new car like a Chevrolet. This is the 1960 Chevrolet Bel Air Sport Coupe!

PEOPLE SAY THESE ARE THE THINGS THEY WANT IN A CAR...and CHEVROLET '60 comes closest to meeting every need!

Interviews with thousands of car owners across the country show clearly what they like or dislike about their present cars...and what they want most in their 1960 cars. Here's what the people tell us they want...and here's how Chevrolet meets their needs.

"Price, that's what's uppermost in my mind." All Impalas and Bel Airs with V-8 engines are lower in price, as are automatic transmissions and many other popular options. Also Buickways now include as standard equipment conveniences formerly optional at extra cost.

"And how about operating economy? And resale value?" You keep right on saving after you buy your favorite Chevrolet, too. And Chevrolet's traditionally higher resale value means you'll get more back when you trade.

"Give me plenty of good old-fashioned comfort." There's comfort and then some in this one. Chevy's long on space, for one thing. Once you're under way you'll know just how comfortable Full Coil suspension makes your ride.

"Safety—don't forget safety!" You're surrounded by safety features in a new

Chevrolet. You've got big, sturdy brakes underfoot, for example, that last longer. As it has been for years, safety is standard equipment in Chevy.

"Let's keep upkeep down, too." More than ever, Chevrolet for 1960 is built to stay on the road and out of the repair shop. You can tell that from its hushed, untrifled way of going. From Chevrolet's big doors. Of course, if you should need service, you're always near efficient, economical attention to your needs.

"I want a car that will stand up to the driving I do." For proof of Chevy's staying power, just spend a minute watching the nearest road. You'll see more Chevrolets traveling on it than any other car—evidence on wheels of Chevrolet durability. (And that higher resale value attests to it, too.)

"Me for a sweet-handling car." Handling's always been Chevy's forte, and

1960 is no exception. But really, this kind of lightness and precision you've simply got to enjoy for yourself.

"...a car you can look at and be smug about buying it." Chevrolet for 1960 leaves the low-price field far behind when it comes to fashion. But you're the best judge of styling, so take a good close look at Chevrolet. We warn you: you're about to fall in love.

"And performance. Let's have a hot one!" Chevy's spirited V-8's are the standard for ultra-efficient power in American-built passenger car engines. You've got a long list of performance-minded transmissions to pick from, too.

So that, friends, is what you told us you want. We think it can be summed up rather well in just one word: **value.**

Get the full story of Chevy's brand of value soon at your Chevrolet dealer's.

Nearest to perfection a low-priced car ever came... **CHEVROLET**

SERVES ON SUB

Louie F. Egerton, electrician's mate second class, USN, son of Mr. and Mrs. Clarence Egerton of Route 1, Jack, is serving aboard the submarine USS Blueback which was commissioned Oct. 15, at Pascagoula, Miss.

The Navy's newest member of the "Silent Service" incorporates the latest concepts in submarine design, and features the streamlined "tear-drop" shaped hull for greater underwater speed.

The Blue back is scheduled to remain in the Gulf of Mexico while conducting routine sea trials.

A 1959 cotton crop of 725,000 bales is forecast for Alabama by the Crop and Livestock Reporting Service, based on Nov. 1 reports from the September and October forecasts. Cotton production in 1959 totaled 439,000 bales.

Mr. Ben Mathis and David of Springfield, Mass., were here recently to see Mr. and Mrs. P. O. Mathis.

Mrs. Jake Lubert Morrow and Mrs. Minnie Blue were in Foley on business recently.

NEW BROCKTON
FHA HAS REAL
LIFE PROGRAM

The New Brockton Chapter of Future Homemakers of America held its monthly meeting in the school auditorium Nov. 3.

The president, Amelia Kay Herring, presided over the business session. Each member was given a Home Economics week tag to wear in observance of Home Economics Week and the 50th Anniversary of the A-

Beta Club Studies
'Winter Fashions'

The New Brockton Beta Club held its regular monthly meeting Tuesday, Nov. 10, in Miss Jones' room.

The meeting was called to order by the president, Jimmy Baker. The secretary, Linda Brunson, called the roll.

Following the business meeting, the program chairman, Farrell Killingsworth, presented the program.

The title of the program was "Winter Fashions, Era of Elegance." Interesting talks on the origins of fashions now estimated at well over \$100,000,000. That whopping total was the subject of a presentation by Lela Ann Pirkie, Farrell Killingsworth, and Angeline Waters.

Those volunteering to serve at the next meeting were Patricia Hayes, Pat Looklar, Pam O'Neal, Julia Ann Dunaway, and Judy Sawyer.

The meeting was adjourned and refreshments were enjoyed by everyone.

American Home Economics Association

Members were given an opportunity to the state P. H. A. project, "Friends at Home", which is a project to help the blind and deaf girls at Talladega.

"Future Homemakers This is Your Life" was the title of the program. The devotional was given by Lela Ann Pirkie and Marilyn Bruce.

In a talk, entitled, "You are a Lucky Girl", Jean Watson told of the values of Home Economics training.

A skit, "F. H. A. This is Your Life" was presented by the following: Judy Fillingim, Donna Pittman, Amelia Kay Herring, Charlotte Moore, Julia Moore, Betty Dvess, Mavis Tidwell, Tanya Tindol.

Shirley Lott, Jewel Thomas, Rachel Allen, Sue Watson, Jeannara Stone, and Elizabeth Taylor.

Following the meeting, refreshments were served in the Home Economics Department with the Project Committee as the hostesses.

Prepared by
American Foundation
for Animal Health

Farmers are taking a huge financial loss, today, because of infertility in some of their livestock.

When a cow fails to reproduce, the loss may range from \$50 to \$100. The total of present livestock losses due to sterility is now estimated at well over \$100,000,000. That whopping total has led authorities to focus on this problem with special efforts this month, as part of National Livestock Loss Prevention Year.

Those volunteering to serve at the next meeting were Patricia Hayes, Pat Looklar, Pam O'Neal, Julia Ann Dunaway, and Judy Sawyer.

The meeting was adjourned and refreshments were enjoyed by everyone.

Animals which fail to reproduce regularly can be a drain on farm profits.

The problem involves two types of condition - temporary infertility, and functional infertility.

Temporary infertility can be caused by many diseases, some of which include trichomoniasis, vibriosis, brucellosis, infectious vaginitis, and vesicular vaginitis. These diseases may delay or interrupt normal reproduction. The symptoms are confusing, and the evidence is not always too clear. Diagnosis should be made by an experienced veterinarian in any suspected case, and his guidance should determine what to do.

So-called "functional" infertility sometimes is the result of physiological or hormonal disturbances. More often, however, the problem involves disease, overproduction, faulty nutrition, or heredity. Here again, it is almost impossible to tell the cause without a competent examination. And, until the cause is known, one certainly cannot tell what to do.

POOR ORIGINAL

Through the Keyhole

BY MRS. ROBERT CANNON

MOBILE was lovely last weekend. Fall leaves in vibrant colors made the trip pleasant and gay conversation with Betty and Oscar Vaughan added to our enjoyment. As we neared Mobile we recognized Lorene, Sam and Leila Ann Sawyer in the car behind us. While downtown we ran into Doris and Ben Brock and Mrs. Rex Forehand of Enterprise, and at the same Saturday night we saw Bill Stokes and Jim Folsom. We felt right at home with so many friends in the stadium.

HOMEcoming at Clemson last weekend found Idell and Jim Whitman and the Colon Whitmans in South Carolina for the festivities. Rice and Clemson were opponents and since Buddy Whitman is on the staff at Clemson, the Whitmans were loyal supporters of that team.

WE WERE GLAD TO HEAR that Will Harper is recuperating nicely from the emergency appendectomy that he underwent last weekend. Fred and Flossie Harper made a frantic trip to North Augusta, South Carolina and were relieved upon their arrival to find Will doing as well as could be expected. And we can imagine just how proud "Papa" was to see them when they walked in the hospital.

SPEAKING of hospitals, we

were glad to learn that Robert Haman has successfully recuperated from his recent operation and is once again at home. He was a patient at Montgomery's Veterans.

IF YOU READ last week's papers you saw Susan Murphree depicted as "The Loveliest of the Plains." We wondered how long it would take the student body to find Susan - and we think six weeks is something of a record for a freshman. Congratulations to all the Murphrees.

HEARD that the Flournoy Whitmans had a very pleasant visit over the weekend with the Travis Whitmans and their son of Panama City. And this is definitely the season for going home to mothers.

HOW PROUD one is of one's children, whether they are really young or only young from eight until three each day. And this past week I was particularly proud of my speech students when they went on the air for the first time. Mr. El James has installed a remote unit at the Enterprise High School and each Tuesday at one thirty the speech classes will broadcast a news program. They are quite proud of Station WEHS and have their own "engineers", script directors and announcers. And I am very

proud of them.

THE RECIPIENT of a very pretty shower on Wednesday morning was Lucy Dee Mason when Margaret Meredith and Liz Mular surprised her with a gala party.

A Colonial arrangement of pink carnations graced the dining room table and set the color scheme for the day. A disunited old stork stood demurely on one leg and pushed a pink doll carriage heaping with packages ahead of him. Some eighteen friends came to watch Lucy Dee open the "wre presents."

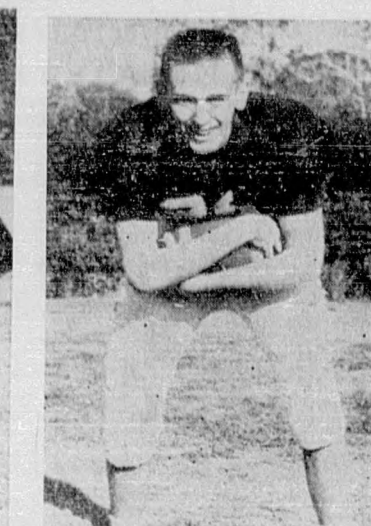

BON VOYAGE is what we'll soon be saying to Madelyn Branson Miller who's leaving for Oklawaha and husband Johnny in the near future. She and Johnny will call this island "home" for three years. Madelyn, Mildred and Ellie Branson spent last weekend at Marion with Cadet Jackie Branson so that also our brother could say their "good-byes."

CAN HARDLY WAIT to hear about Bobbie Jo and Donald Crook's trip to Atlanta. They are attending the Southern Medical Convention and have all sorts of wonderful things planned.

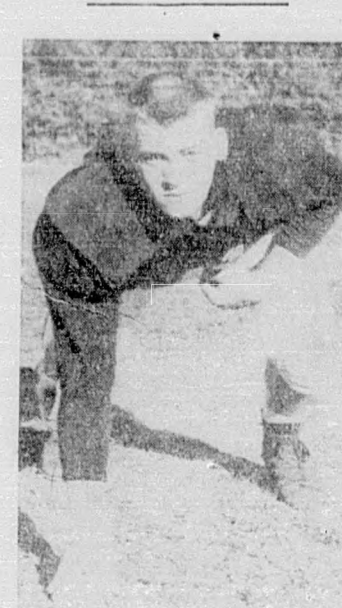

TOP TIGER PERFORMERS THIS YEAR

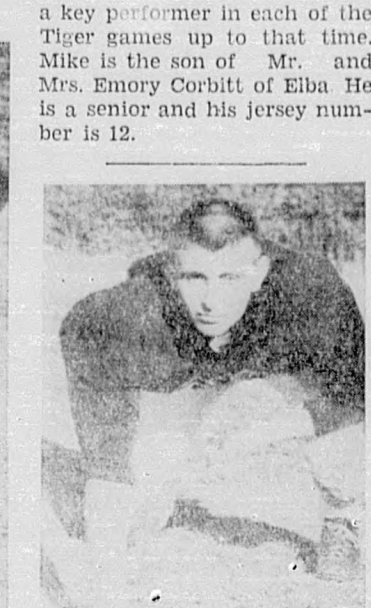

ROBERT RUSSELL
Robert Russell, son of Mrs. Robbie Russell of Elba, has been a consistent performer as the Tigers' starting right tackle this season, and since he is a Junior, is expected back for a great year next year. Robert's jersey number is 63.

MIKE CORBITT
Tiger fortunes took a turn for the worse when this speedy halfback was injured in the Hartford game this year. He missed the last part of the season with the Benials, but was a key performer in each of the Tiger games up to that time. Mike is the son of Mr. and Mrs. Emory Corbitt of Elba. He is a senior and his jersey number is 12.

HENRY CLARK
One of the largest men on the squad this year, Henry Clark did an outstanding job both on offense and defense for the Tigers this season from his slot at left tackle. His line play stopped many an opposing back with little space. His jersey number is 61.

JOE REX CHANDLER
Joe Rex Chandler, has been the starting left guard for the Tigers this season, and has turned in an able performance in each game. Joe Rex is a senior this year and also plays on the basketball team. His jersey number is 51.

W. C. Riverbark, of Columbia, a director and treasurer of the Alabama Peanut Producers Association, shows a peanut grower and his family graphic examples of peanut publicity which his \$1 per ton contribution has helped to achieve. The grower and his wife, Mr. and Mrs. Martin

Moates, of Route 1, Enterprise, Coffee County, and their four children were one of hundreds of grower families who stopped in at the exhibit during the 1959 Peanut Festival to discuss Association programs and policies.

Mail Carriers Take Livestock Survey

Postmaster Robert Cooper announced today Rural Mail Carriers will get Alabama's annual fall Livestock Survey underway about November 18.

This survey is made cooperatively by the Post Office and Agriculture Department. It will show, among other things, size of the pig crop and inventory numbers of livestock on Alabama farms.

Production of livestock has become big business in Alabama. Producers need reliable information on present and prospective supplies as they make marketing decisions. Each farmer receiving a survey card contributes to the accuracy of this information when he reports for his farm.

Experience has shown that reports from a cross section of farmers give accurate indications of year-to-year changes in livestock numbers. The Federal Census, taken every five years, also gets underway in November. This enumeration of all farms provides benchmarks for use in making annual estimates from sample surveys.

Postmaster Robert Cooper urges each patron receiving a card to fill it out and drop in

When we no longer live on "the sunny side of the street," when the winds of adversity blow, when we are in trouble and need help. It is not the strong person who has never known difficulty who helps us. Rather it is the person who brings his testimony that one can triumph over every obstacle. We give thanks, too, for the assurance that, no matter what our mood says, God has not deserted us. In all the world there is no such thing as a God-forsaken soul. May you have a happy and peaceful Thanksgiving.

Farm Machinery—Buy, here's something you can help your Dad do over the Thanksgiving holidays. And he will be mighty proud of what you did next spring. Thoroughly check, service and repair all farm machinery and implements before starting the winter in a dry shed. If machinery and implements will require the services of the dealers of the dealer's shop, send them to the shop now so that repairs can be made before the rush season next spring.

Remember to drain the water from the radiators and cylinder blocks on tractors and other implements having power units.

Cover land-polished surfaces of plows and other tools with a heavy grease or rust preventive. Equipment looks better and lasts longer if cleaned and painted before storing.

Many farm accidents are caused by careless handling of machinery and equipment, but even a careful operator can be injured using equipment with worn or broken parts.

Fires—I don't know how many official fire fighters we have in Coffee County to keep a sharp eye out for fires. I'm sure though that they will need some help during the winter and early spring months when we have a lot of forest fires going. By being alert all of us can help prevent fires, and we can help our neighbors by being real careful when we burn anything on our farms and around our homes. One of the worst experiences I know of is for a fire to get out of control. Let's join hands across Coffee County and do a top-notch fire prevention job. 4-H Club members can take the lead in this.

VICTORY SUNDAY
Fifth Victory Sunday will be observed at West Side Baptist Church next Sunday when the goal will be \$1,000 collected to be applied to the building debt. In each of the previous four Victory Sundays, the goal has been met. Rev. Welby Bozeman is pastor. Regular services will be held with dinner served at the church at noon.
